How to Use This Advent Calendar Template Printable:

Option 1: Print a copy to use alongside *Promises Fulfilled: An Advent Journey* (available through this link: <https://amzn.to/3FCFdL6>)

For every day's readings, consider using the calendar as a space for you or your child to draw tiny symbols or to paste tiny symbols representing what happened in the story. (Think of it as like a mini timeline!)

Option 2: Print two copies of this PDF. Cut out the "windows" on the front page, and glue together on the edges. You may want to draw the symbols on the back page before you start to use the *Promises Fulfilled: An Advent Journey* and Calendar.

Option 3. Do Option 2 using a different Advent Book.

Option 4. Print out this Advent Calendar as a way to record things you and your child are grateful for over the 25 days of December! :)
